California Proposition 65 Compliance Statement

Consistent with our core values, Elgiloy Specialty Metals strives to provide high quality, safe products for our customers. We are dedicated to working with our customers and suppliers to meet consumer product safety requirements applicable to our products, including California Proposition 65, officially known as the Safe Drinking Water and Toxic Enforcement Act of 1986.

Our Elgin facility houses advanced metal rolling equipment geared toward the precision rolling and slitting of nickel, cobalt, titanium, and stainless steels. No substances on the CA Prop 65 list are intentionally added. However, as with all steel products, they may contain chemicals listed on the CA Prop 65 list.

A handwritten signature in black ink that reads "A. H. Moore-Staub". The signature is written in a cursive, flowing style.

Alexandra Moore-Staub, **CHMM**
