As the Pressure Equipment (Safety) Regulations 2016 do not include requirements for the certification of material manufacturing, ABS QE Assurance Services (Spain) S.L. uses the equivalence principle that if the manufacturer complies with requirements of Annex I, section 4.3, of The Pressure Equipment Directive (PED) 2014/68/EU, materials produced are deemed to also meet the requirements of The Pressure Equipment (Safety) Regulations 2016. This will be subject to review if or when The Pressure Equipment (Safety) Regulations 2016 include requirements for material manufacturers
